To Our Stockholders:

We are pleased to report, that for the eighth consecutive year, new records were established in both sales and earnings.

The year 1969 closed out the decade of the sixties in which many significant changes occurred within the Grant Company. The highlights of this decade of growth were:

- Sales more than doubled over the ten year period, increasing from \$513,000,000 to \$1,211,000,000.
- Profits increased fourfold, from \$9,200,000 to \$41,800,000.
- Dividends paid on common stock have more than doubled, going from 60¢ per share in 1960 to the \$1.40 per share paid in 1969.
- In 1969, an average of 63,000 employees received \$271,650,000 in compensation and benefits compared to 39,000 employees and compensation and benefits of \$102,700,000 during 1960.
- About seven out of every ten stores operating at the end of 1969 opened or were substantially enlarged during the last ten years. Over this same period 309 stores were closed due to inadequate size or because of changing retail sales patterns.
- The physical size of the average new Grant store has increased throughout the decade. The 52 new stores opened during 1969 averaged over three times as large as those opened during 1960.
- The typical Grant store in 1960 carried limited assortments, mainly in softline merchandise; the typical Grant store today is a general merchandise store carrying broad merchandise lines and services aimed at "one stop shopping".

FOR THE YEAR 1969:

SALES—For the year ended January 31, 1970 were \$1,210,918,068, an increase of \$114.8 million, 10.5% over the prior year's sales of \$1,096,152,113. Credit sales increased 12.8% and accounted for 24.6% of total Company sales.

NET EARNINGS—Consolidated net earnings for the year were \$41,809,300, equal to \$2.99 per share of common stock, compared to \$38,183,213 and \$2.71 per share in 1968.

The 1968 earnings per share have been restated to include the effect of the acquisition of Jones and Presnell Studios, Inc., on a pooling of interests basis, and to conform with the requirements of The American Institute of Certified Public Accountants Opinion 15 concerning earnings per share as explained in Note A of the Notes To Financial Statements.

DIVIDENDS—Dividends of \$1.40 per share were paid on common stock and \$3.75 per share on the preferred stock. In total, \$19,736,673 was paid in dividends during 1969.

On February 24, 1970, the Board of Directors increased the regular quarterly dividend on common stock to 37½ cents (\$1.50 per year) from the 35 cents per quarter (\$1.40 per year) paid during 1969. This is the third consecutive year the common dividend was increased and the fifth increase in the last six years.

The Company has earned a profit and paid a dividend in every year of its 63 year history.

FINANCIAL COMMENTS—Starting this year, in order to show a more accurate and meaningful picture of total Company activity, the financial statements are presented on a consolidated basis. The W. T. Grant Financial Corporation and Jones and Presnell Studios, Inc., wholly owned subsidiaries, and both integral parts of the Grant Company are consolidated. Zeller's Limited, our 50% owned Canadian subsidiary, will continue to be shown on a non-consolidated basis.

The Company's short term debt at year end was \$182,132,200. Of this amount \$180,097,200 was represented by short term commercial notes issued by the W. T. Grant Financial Corporation and backed by customer accounts receivable of the Grant Company. Year end bank loans were \$2,035,000.

PROGRESS

We at Grants define progress as that which helps us better serve the growing family of Grant shoppers.

Our dedication to improved performance converts today's achievement into tomorrow's challenge to do it even better—a challenge eagerly shared by our nationwide organization, whose spirit of growth and progress is blueprinted in the slogan: "NOT WHY IT CANNOT BE DONE—BUT HOW IT WILL BE DONE!"

In the following pages, we review just a few of the areas which have added measurably to Company performance in 1969, to keep our stores abreast of the American shoppers' changing needs and desires.

This is our 63rd year of progress in operating friendly family stores — known for values, coast to coast.

MERCHANDISING

The Company has available \$252,325,000 of bank lines of credit extended by 84 banks throughout the country.

Merchandise inventories at year end totalled \$222,127,620 and were in good relationship to planned sales.

Long term debt, represented by the two classes of outstanding debentures, was reduced from \$43,251,000 last year to \$35,402,000.

During the year, the Company repurchased and cancelled 18,000 shares of the Cumulative Preferred Stock.

In addition, the Company purchased 250,000 shares of W. T. Grant common stock from The Grant Foundation and 246,664 shares from a trust created by Mr. William T. Grant. Both of these purchases were approved by stockholders and were acquired to meet the requirements of the Employees' Stock Purchase Plan and for other corporate purposes.

Reflecting the purchases of the above classes of company securities, working capital at the close of 1969 was \$255,930,845 compared to \$261,311,350 last year.

The percentage earned on net worth increased from 13.6% in 1968 to 14.4% in 1969.

At a special meeting on December 15, 1969, stockholders approved a new Employees' Stock Purchase Plan. This plan is a continuation of similar plans in effect since 1950 whereby Grant employees are offered the opportunity to purchase Company common stock at market prices on a deferred payment basis.

GROWTH PROGRAM—In 1969 the Company successfully completed its most ambitious capital program to date. Approximately four million square feet of new space were opened in 52 new stores and 3 enlargements. In addition, a new highly automated warehouse and distribution center was opened in Camarillo, California. Forty-nine smaller stores were closed during the year.

The 1970 store expansion program is already well under way with every expectation of our opening at least as many new stores as in 1969. Two new expanded Distribution Centers will replace existing facilities and a new Freight Consolidation and Fashion Distribution Center will also be opened during 1970.

PERSONNEL & ORGANIZATION—The Company employed an average of 63,000 people during the year.

The new store program provides constant growth opportunities for Grant employees. At year end a total of 1,814 people were in training for store management, buying or other executive positions.

Arthur G. Brill was elected Central Region Vice President replacing Philip J. Rodilosso who became Southern Region Vice President.

Herbert T. Wilkinson, Pittsburgh Region Vice President retired, after 40 years of service, under terms of the Employees Retirement Plan. John F. Crowley was elected to replace him.

Three Merchandise Group Vice Presidents were elected: Charles J. Seitz, Softwares Merchandise Group Vice President, Herbert Kaufman, Home Furnishings Merchandise Group Vice President; Orie Yonkers, Fashion Merchandise Group Vice President.

Robert A. Luckett was elected Vice President and Comptroller.

John J. LaPlante, Personnel Vice President was elected a Director of the Company.

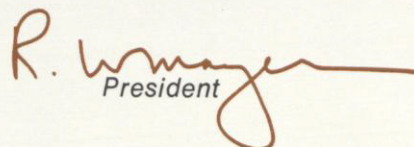

It is with deep regret that the Company records the death of Mr. Howland S. Davis in July 1969. Mr. Davis served on the Board of Directors and as a valued financial advisor to the Company for 45 years.

ZELLER'S LIMITED—The Company's 50% owned Canadian affiliate, operating 119 stores similar to Grant stores, had record sales of \$157,562,134 in 1969, up 10.3% from last year. Earnings were \$6,823,134 compared to \$6,403,018 in 1968. The above amounts are in Canadian Dollars.

The Company is most grateful to its customers and suppliers for their support. We extend a welcome to new stockholders and appreciate the confidence of our continuing stockholders.

All connected with the Grant Company may well feel proud of the accomplishments of the last ten years. The loyalty and expertise of our employees, our financial strength and our commitment to an aggressive store expansion program make the Company well prepared to enter the 1970's confident that we will continue to advance and take advantage of every opportunity that the new decade offers.

notes to financial statements JANUARY 31, 1970

Note A—The financial statements include the accounts of two wholly owned subsidiaries, W. T. Grant Financial Corporation and Jones & Presnell Studios, Inc.

The Company carries its investment in Zeller's Limited (a 50.3% owned Canadian Subsidiary, cost \$8,457,144) at equity and has included in net earnings its share of the increase in the undistributed equity of that company.

The financial statements for the year ended January 31, 1969 have been restated to conform with the principles of consolidation applied in the year ended January 31, 1970 and Jones & Presnell Studios, Inc. (acquired in July, 1969 in exchange for 80,000 shares of W. T. Grant Company common stock) has been included in the accounts of both years on a pooling of interest basis.

Note B—Primary earnings per share of common stock (equivalent to fully diluted) has been determined based upon the average number of shares outstanding during each year adjusted for the year ended January 31, 1969 to include the common share equivalents of the 4% Convertible Subordinated Debentures and shares contracted for under the Employees Stock Purchase Plan, and net income for that year has been adjusted to eliminate the related interest less applicable federal income taxes. For the year ended January 31, 1970 the effect of the common share equivalents were not material.

Note C—The amount charged to operations for the Deferred Contingent Compensation Plan for the year ended January 31, 1970 was \$675,000.

Note D—Gross profits on sales on the installment basis are reflected in the financial statements when the sales are made, whereas, for federal income tax purposes, such gross profits are reported as income as collections are received. The resulting difference between taxes accrued and taxes actually payable is included as "Deferred Taxes on Installment Sales".

At January 31, 1970, accumulated depreciation of approximately \$17,260,000 has been deducted for tax purposes in excess of the deduction (using the straight-line method) in the financial statements. The resulting difference is included in "Deferred Federal Income Taxes".

Investment credit totalling approximately \$893,000 has been deducted from the provision for federal income taxes for the year ended January 31, 1970.

Federal income tax returns of the Company have been examined and accepted by the Internal Revenue Service through January 31, 1963.

Note E—Long-term debt:

4¾% Sinking Fund Debentures dated January 1, 1962 and due January 1, 1987 (annual sinking fund payments of \$1,500,000)	\$30,313,000
4% Convertible Subordinated Debentures dated June 1, 1965 and due June 1, 1990	5,089,000

QUALITY CONTROL SETS THE PACE FOR PROGRESS

When nearly 60% of all merchandise sold in our stores bears Grants' own brand names, it is little wonder that strict quality control should be of such major importance in Grant merchandising! Our own staff specialists and independent laboratories test merchandise and materials under use and wear conditions, and spot-check random samples for adherence to buying specifications. Rigid Quality Control measures were continued in 1969 to carry on our 63-year policy guaranteeing satisfaction.

DISTRIBUTION SETS THE PACE FOR PROGRESS

Each year's crop of new and bigger Grant stores creates a growing demand for larger and more efficient merchandise supply facilities. A giant forward step in our new distribution system was taken on October 1, 1969, with the opening of our 309,000 square foot Distribution Center in Camarillo, California. A highly automated facility, it is the prototype for similar Centers, even larger in size, presently under construction. We will continue to refine our efforts to save time and money in the efficient movement of merchandise from factory to Center to Store!

SERVICE SETS THE PACE FOR PROGRESS

A natural outgrowth of the nationwide acceptance of Grant's "Bradford" appliance lines was the establishment of our network of "Bradford" Major Appliance Service Depots. Sixteen are now operating in areas of major concentration of our stores, and more are planned to open in the next several years. Serving as central receiving depots for major appliances, each is staffed by trained technicians who inspect and test appliances before delivery and installation. Speedy and efficient repair service is provided, and Regional central-parts pools assure availability of replacement parts.

PEOPLE SET THE PACE FOR PROGRESS

The major asset of our Company is its people, loyal and dedicated to the service of our customers. Many of those who serve your needs in our stores, offices, and service organizations, are Grant Company shareholders, accounting in good measure for their dedication to the job. Approximately 1,800 young men and women are in training for Store Management and Buying careers. Other training programs are provided to improve employee performance on the job and help prepare our people for greater responsibility, in keeping with the policy of promotion from within.
